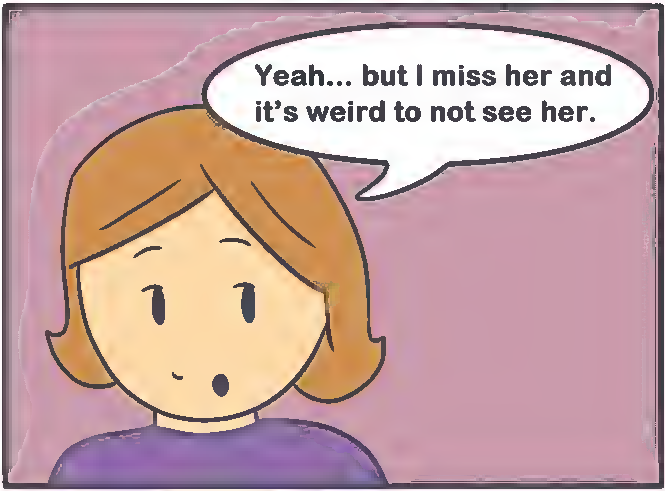
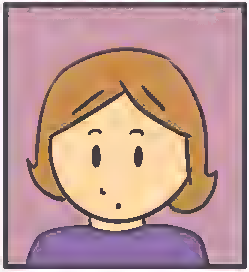
NICHOLALALA

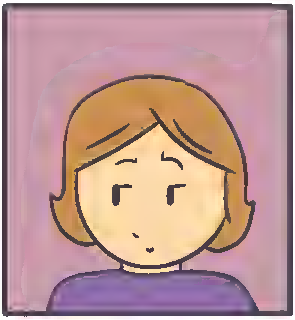
Where is the Gwishin? I haven't seen her in days.

Isn't that good?
You were complaining
she is around too much.



Yeah... but I miss her and it's weird to not see her.

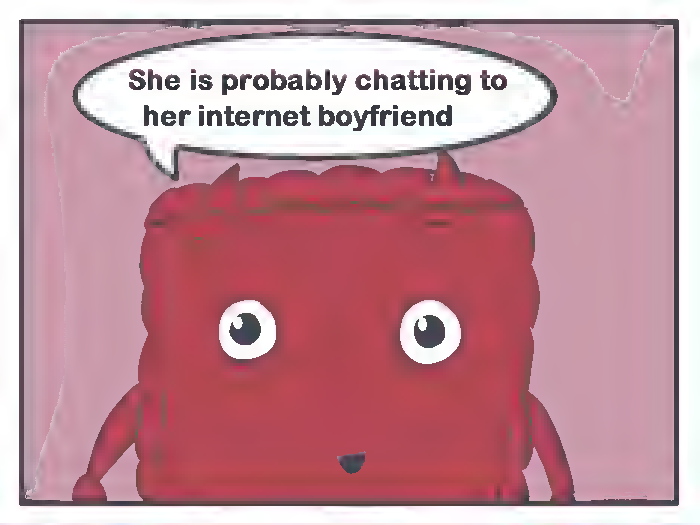




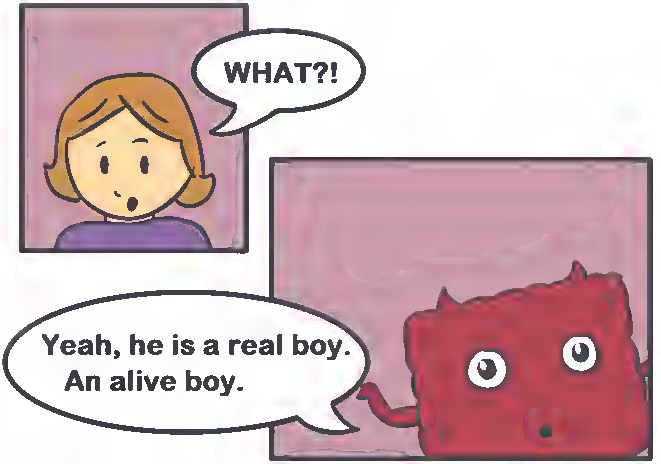
I know you are there Sock Monster

I'm not stealing socks!

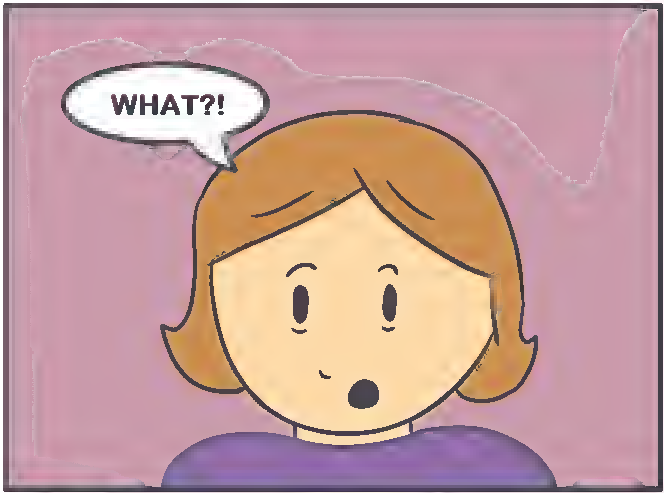
Okay whatever. I just want to know where Gwishin is...



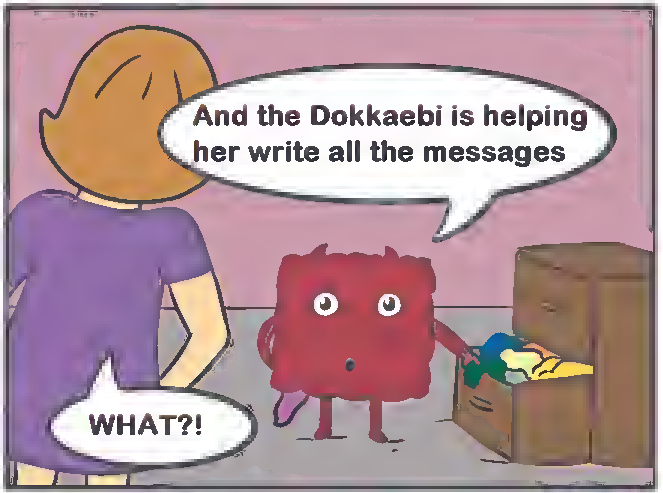
She is probably chatting to her internet boyfriend



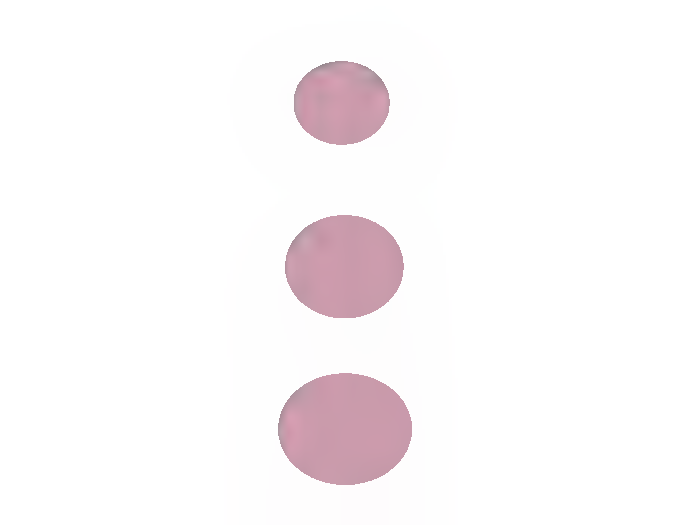
WHAT?!
Yeah, he is a real boy.
An alive boy.



WHAT?!



And the Dokkaebi is helping her write all the messages
WHAT?!



You should say you want to meet in person
Okay, add some hearts to the message

What's going on?

OH!

To be continued
